

About Study Comrade:

Study Comrade encourages peer learning. We believe in growing together. Study Comrade introduces the co-learning friendly packages to enhance the student's learning abilities and keep them interested throughout the course. A study platform in which you can learn from professionals, track your progress and have interactive doubt sessions with your "Study Comrade". Now Quality content is no longer expensive!

Summer Internship Program Overview:

We are excited to announce an exceptional opportunity for your students to participate in an immersive Internship Program offered by Study Comrade in collaboration with leading IT companies.

The Internship Program is designed to equip students with industrial-ready skills in:

1. Java Programming
2. Python Programming
3. Front-end Web Development.

Through a comprehensive training curriculum, students will gain hands-on experience, practical knowledge, and job-ready skills necessary to excel in today's competitive tech landscape.

Duration and Stipend: The internship program spans two months, with the first month dedicated to training and the second month to internship placements. Stipends will be provided to the best-performing candidates, and the duration of

the internship may be extended based on performance.

Certifications Offered:

- **Course Completion Certificate:** Upon successful completion of the training program at Study Comrade, students will receive a Course Completion Certificate.
- **Internship Completion Letter:** After completing the internship at our collaborated companies, students will be awarded an Internship Completion Letter.
- **Letter of Recommendation:** Outstanding performers may also receive a Letter of Recommendation based on their performance during the internship.

Collaboration Benefits:

- **Real-World Experience:** Students will have the opportunity to apply their skills in real-world scenarios through internships at our esteemed partner companies.
- **Industry Exposure:** Gain insights into industry best practices, emerging technologies, and professional development opportunities.
- **Skill Enhancement:** Enhance students' employability and career prospects by offering specialized training in high-demand tech domains.
- **Networking Opportunities:** Forge valuable connections with industry professionals, mentors, and fellow interns, paving the way for future career growth.

How Your College Can Benefit:

- **Enhanced Student Placement:** Provide students with access to exclusive internship opportunities, enhancing their marketability and employability.
- **Industry-Academia Collaboration:** Strengthen ties between academia and industry, fostering collaboration and knowledge exchange for mutual benefit.
- **Reputation Building:** Showcase your college as a forward-thinking institution committed to preparing students for success in the digital age.

Next Steps:

We invite you to partner with us in this exciting initiative to empower students with valuable skills and hands-on experience. To discuss further details and explore collaboration opportunities.

We look forward to the opportunity to collaborate with you and contribute to the professional development and success of your students.

Thank you for considering this partnership opportunity.
